REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Partners PPHB Securities, L.P. Houston, Texas

We have audited the balance sheet of PPHB Securities, L.P. as of December 31, 2007, and the related statements of income, changes in partners' capital and cash flows for the year then ended. These financial statements are the responsibility of PPHB Securities, L.P.'s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of PPHB Securities, L.P. as of December 31, 2007, and the results of its operations and its cash flows for the year ended December 31, 2007 in conformity with generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL Required by SEC Rule 17a-5

To the Board of Directors PPHB Securities, L.P. Houston, Texas

In planning and performing our audits of the financial statements of PPHB Securities, L.P. for the year ended December 31, 2007 we considered its internal control structure, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making the quarterly securities examinations, counts, verifications and comparisons,
- 2. Recordation of differences required by Rule 17a-13, and
- Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of PPHB Securities, L.P. is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or

disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that PPHB Securities, L.P.'s practices and procedures were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.

PPHB Securities, L.P. Notes to Financial Statements

NOTE A - SUMMARY OF ACCOUNTING POLICIES

PPHB Securities, L.P. is a registered broker and dealer of securities. PPHB was formed as a Texas Limited Partnership in 2003, and has been operating since early 2005. PPHB brokers private placement securities and provides financial advisory services.

<u>Cash and cash equivalents.</u> PPHB considers as cash all liquid securities with maturities of three months or less.

Revenues are recognized when services are performed. Management considers all amounts recorded as account receivables as fully collectible, so no allowance is provided.

<u>Income taxes</u> are not due, since PPHB is taxed as a partnership for federal purposes and there is no Texas state income tax.

<u>Estimates</u>. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

No recent accounting pronouncements are expected to have any effect on PPHB's financial statements.

NOTE B - NET CAPITAL REQUIREMENTS

PPHB is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital of \$100,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2007, PPHB had net capital of \$264,942 and its net capital to aggregate indebtedness ratio was 23%.

NOTE C ~ PARTNERS' CAPITAL

During 2007, PPHB distributed \$5,040,000 to its partners.

NOTE D - RELATED PARTY TRANSACTIONS

PPHB Securities and PPHB LP are owned by the same partners with the same

ownership structure. PPHB Securities provides security financing advisory services to PPHB LP's customers. During 2007, PPHB Securities earned \$5,022,289 in success fees from PPHB LP's customers in four financing transactions. PPHB LP had assigned this portion of their total fees from third party clients to PPHB Securities for financial advisory services. As of December 31, 2007, PPHB Securities had a receivable of \$50,000 from PPHB LP.

PPHB Securities uses personnel and facilities of PPHB LP and it accrues payments from time to time to PPHB LP for these services. As of December 31, 2007, PPHB Securities had a payable to PPHB LP of \$69,713.

As of December 31, 2007, PPHB Securities had a net payable of \$19,713 to PPHB, LP.
